Hey Anand

I would like to take this moment to congratulate you on successfully completing your tenure as the Campus Ambassador for the APOGEE 2024 under the Committee of Students for Academic Activities. In this tenure, you have taken up ideation, marketing strategy, and social media outreach tasks to boost up the recognition of APOGEE as a global event. Your sincere and diligent efforts have led to record-high numbers in terms of registrations and the number of people who participated.

A certificate of completion is hereby attached for you to attach to your resume. We look forward to staying in contact with a dynamic presence such as you, and we hope to collaborate in the future in order to help one another.
